

## **Scholastic Shooting Supplies Program (SSSP)**

**Provided By AA Shooting Instruction**

### **About the Scholastic Shooting Supplies Program (SSSP)**

The Scholastic Shooting Supplies Program (SSSP) was established to promote youth shooting by supplying members of youth shooting programs with high quality shotguns, ammunition and reloading supplies at low prices. By purchasing large quantities of these goods, costs are kept to a minimum. Group orders are placed through AA Shooting Instruction two times per year (January and September), corresponding with the start of the spring and fall semesters. Price lists are distributed via email or regular mail two to three weeks prior to the order deadline.

### **Eligibility**

SSSP eligibility is restricted to participants of youth (8<sup>th</sup> grade and under), high school, and collegiate shooting programs and coaches of these programs.

### **Ordering**

Orders will be placed via a mail-in order form provided as part of each semester's price list. Orders must be received at AA Shooting Instruction by the specified deadline to be included in the group order. All orders will be charged 6% sales tax.

### **Order Pick Up**

To minimize costs, SSSP participants must pick up their own orders or make arrangements for someone else to pick up their supplies. Items will not be shipped or delivered. Pick up locations will be in the Des Moines, IA area. Exact pick up locations will be specified to all SSSP participants once the group order has been placed. All shotgun transferees must be at least 18 years old, complete the ATF form 4473 and are subject to a NICS background check prior to transfer. Parents or guardians are eligible firearm transferees for youth shooters under the age of 18.

### **SSSP Participation**

To participate in the SSSP, please call or send in your name, email address and/or mailing address to AA Shooting Instruction along with the name of your scholastic shooting program. You will then receive the program price lists and ordering/pick-up details when they are published each semester.
